## EDUCATION

### Bachelor of Engineering in Information Technology

2020 – 2024 | Kanpur, India

Harcourt Butler Technical University 📄

CGPA :- 8.41

### Senior Secondary ( Class XII )

2017 – 2019 | Varanasi, India

BNS School || Percentage :- 90.2

## SKILLS

### Languages/Database

C++, C, JavaScript, MySQL,

### Web Development

HTML, CSS, JavaScript, React, Redux Toolkit, Tailwind CSS, Material UI, Bootstrap, Jest, Git, GitHub.

### Coursework

Oops, Data Structure for and Algorithms, DBMS, OS, Computer Network, Software Testing

### Soft Skills

Adaptability, Problem solving, Critical thinking, TeamWork, Time Management

## INTERNSHIPS AND TRAINING

### Business TechLabs | Frontend Intern

2023/02 – 2023/04

- Worked on two project on ReactJS and delivered their MVP.
- Created a customisable Authentication Module which same developer time by 80%.
- Implemented React-Redux Toolkit for state Management which make website upload faster by 50%.
- Use lazy loading concept to reducing initial load times and optimizing resource usage.

## PROJECTS

### Kitchen Website

- Developed a fully functional kitchen website using **React.js**, **React Router DOM**, **Tailwind CSS**, **Redux**, and **Jest**.
- Integrated live **Swiggy API** to provide real-time data on recipes, ingredients, enhancing the application's utility.
- Implemented **lazy loading** techniques for optimized performance and utilized Redux for efficient state management.
- Conducted thorough testing using Jest to ensure reliability and robustness of the application.

### CodePen Clone 📄

- Developed a CodePen clone using **React** and **Material UI**.
- Replicated the core functionality of CodePen, allowing users to write, edit, and share HTML, CSS, and JavaScript code snippets in real-time.
- Successfully deployed the application on Netlify, ensuring accessibility to users.

### Tech School Website 📄

- Designed and developed a Tech School website using **HTML**, **CSS**, and **JavaScript**.
- Ensured responsiveness and interactivity for seamless user experience.
- Deployed the site on Netlify for online accessibility and visibility.

## ACHIEVEMENT AND EXPERIENCES

- **1600+ problems solved** from all platforms including all easy, medium, and hard level questions.
- Current max Contest rating on **Leetcode** is 1839 (Under top **7** Percent)
- **3 Star** on **CodeChef** max(1792) || **5 Star** on **HackerRank**
- AIR 146 in **TCS Codevita** Round 2 in Season XI.
- 1 Year Experience on **Filo as Tutor**.
- Contest Rank < 150 in Mega Job Athon for fresher organised by **GeeksforGeeks** || Max rating in Google **Kick Start** is **4734** in Round G. .
- Contributed to **Hacktoberfest** on GitHub.
